

PETERBILT MODEL 379

Even though the Peterbilt 379 is no longer in production (it was introduced in 1986 and discontinued in 2007), it's still one of the most popular models of Class 8 trucks for anyone who wants a high-quality vehicle that will support their trucking career.

379 WAS PETERBILTS BEST-SELLING MODEL IN ALL 20 YEARS OF ITS PRODUCTION

MANY PETERBILT 379 TRUCKS COME WITH THE COBRA 25 OR 29 LTD CLASSIC.

THE 379X VERSION FEATURED ADDITIONAL POLISHED ALUMINUM THROUGHOUT THE TRUCK, INCLUDING UNIQUE FENDERS AND STUNNING CENTERLINE HOOD TRIM.

INTERIOR FEATURES

The Peterbilt 379 is a truck designed for comfort and productivity. With an extra roomy cab and contoured dash, every control is in line with the eye and within easy reach. The Peterbilt 379 is also equipped with a spacious, quiet riding cab sleeper system for the utmost comfort on the road.

ENGINE SPECS

When it comes to engines, you can't beat your options for the Peterbilt 379 model. The Peterbilt 379 comes with the following engine options:
